CROMWELL, Counsel for committee. The Produce Exchange Trust Company was organized a couple of years ago with a capital of \$2,500,000, and had a reported surplus and undivided profits at this time of over \$2,500,000. Its business was chiefly with merchants, tradesmen and corporations in its immediate vicinity, and it was also supposed to do some of the banking business of the Standard Oil Company. It had been designated by the banking department of the state as a legal depository for state moneys and municipal moneys as well as for the funds of savings banks and state banks. The officers of the company are: President, Turner A. Beall; vice presidents, Edwin Gould, Thomas A. McIntyre and S. D. Scudder; secretary and treasurer, S. L. Chamberlain; assistant secretary-treasurer, William Laws.

The trustees of the company are Charles P. Armstrong; Amos B. Barber, Frank Brainerd, Turner A. Beall, George R. Bidwell, Charles A. Deshon, A. Goepel, Edwin Gould, N. Irvine Keyser, Edward R. Ladew, Henry A. McGee, W. Willis Merrill, J. W. Midendorf, Edward Maer, S. D. Scudder, John A. Shibley, John P. Truesdell, C. M. Warner, John Skellon Williams, E. F. C. Young, Thomas A. McIntyre.

A letter from Edwin Gould dated December 14th, at the meeting of the executive committee of the Produce Exchange Trust Company, is published, in which Mr. Gould indicated his intention to resign from the vice presidency. The letter was written on an examination of the books and accounts of the company. He had found matters for which he did not care to assume responsibility.

"I found," Mr. Gould wrote, "that large sums of money have been tied up in adding the Underwriting of certain industrial enterprises under the amount so invested, together with what we have agreed to furnish if called upon equals nearly, if not quite, the combined amounts of our capital and surplus. Most of this is uncollectible if needed, is due at indefinite times and with certain privileges of renewal to borrowers."

Advice to Dyspeptics

How to Cure Themselves.

RELIEF COMES THE FIRST HOUR

It may seem strange for you to find after years of doctoring that Dyspepsia in all its forms is one of the easiest diseases to cure, yet such is a fact. It was only necessary to find the cause and science soon furnished the cure. For years the medical profession thought that food was digested in the stomach and that the lack of digestive fluids caused indigestion, nervous dyspepsia, flatulency, and in truth all the supposed various forms of dyspepsia known. Believing this, they, with the manufacturers, have always worked on these lines, and all dyspepsia cures made were composed of digestive ferments combined with some cathartic. The fact that temporary relief followed the use of these remedies was sufficient reason for their continuance, although to the surprise of the doctors permanent cures were seldom made. This was easily explained, however, when science proved THAT FOOD WAS NOT DIGESTED IN THE STOMACH AT ALL, only prepared by this organ for digestion by the intestines; that dyspepsia was caused by a disease germ and that they had been doctoring the symptoms instead of the disease itself. It was found that these germs in the stomach caused indigestion, flatulency, catarrh of the stomach, gastritis, nervous and acid dyspepsia, and, when located in the bowels caused intestinal indigestion, biliousness, diarrhoea, constipation, catarrh of the bowels and appendicitis.

THE ONLY METHOD OF CURE

then was to destroy the germs, and the discovery of Hyomei, the New Germicide, has made the cure of dyspepsia in all its forms a very simple matter.

HYOMEI DYSPEPSIA CURE

It is unlike any other ever made, for it treats each kind of dyspepsia separately, and contains the only germicide known that will destroy the germs which cause the disease without injury to the patient, combined as it is with the best known remedies for the disagreeable symptoms of the disease. It affords immediate relief and makes a complete cure by destroying the germs. It is guaranteed in every case, and your money is refunded if it fails to cure. Sold by all druggists or sent by mail. Price, 50c.

WAS BULLER RELIEVED?

That Seems to be the General Belief. But a Statement From Semi-Official Sources Say It is Erroneous, and That Officers of Higher Rank Are Needed to Command Larger Forces.

LONDON, Dec. 18.—"Bobs," as Lord Roberts, of Kandahar, is familiarly known, is a name to conjure with in Great Britain, and that Lord Roberts and Lord Kitchener are considered the right men to retrieve the disastrous situation in South Africa is amply evidenced by the more cheery tone of all the war discussion this morning. In spite of the attempts of the authorities to gloss over the supercession of General Buller, the fact remains that new appointments cannot be regarded otherwise than as a penalty for his failure. A semi-official communication says: "The disposition to regard the change as a reflection on General Buller is entirely erroneous. As the forces engaged in South Africa increase, officers of higher rank are, naturally, appointed to the supreme command."

The communication then instances the successive steps from General Symons to General White and Buller, and now to General Roberts. In spite of the plausibility of the argument every one recognizes that it is not the whole truth. The friends of General Buller see in the headlong plunge of the cabinet a suspicious panic, and they picture hastily conceived, and the ministers, with blanched faces, telegraphing to Roberts and Kitchener to come and save the empire. While perhaps these are overdrawn, there is no denying that the prodigious exertion which the government considers necessary to crush the two little republics shows that even General Lord Salisbury sees the extreme gravity of the present aspect of affairs. Probably the ministers remembered the peril which the public seems to have forgotten, of a possible rising of the Kafirs. Indeed, unpleasant rumors are already current in this direction, which would be infinitely more serious than a rebellion of the Dutch.

MICHIGAN LEGISLATURE

In Special Session, Called by Gov. Pingree, to Secure Passage of Joint Resolution Providing for a Constitutional Amendment Placing Railroads on Same Basis of Taxation as Other Property.

LANSING, Mich., Dec. 18.—The Michigan legislature met in special session at noon to-day, in response to the call of Governor Pingree. The governor's object is to secure the passage of a joint resolution providing for submission to the people at the general election next November of an amendment to the state constitution, placing railroads upon the same basis for taxation as all other property. At present the railroads pay specific charges upon gross earnings.

Interest in the special session is increased by the fact that the grand jury, which has returned indictments alleging bribery against some of the legislators, is still in session here. Speaker Adams, of the house of representatives, who is one of the indicted men, presided to-day as usual.

The message of Governor Pingree was read this afternoon at the joint session of the two houses. It urged the passage of the proposed joint resolution, so as to permit the enactment of laws by the next legislature for equal taxation of all property at its true cash value. Said the governor:

"The inequality of our system of taxation is so great that immediate steps should be taken to remedy it. The question involved has for years been exhaustively discussed, and is therefore no longer properly open for debate, but calls for energetic action."

Governor Pingree referred to the history of the Michigan railway taxation act, which was declared unconstitutional by the state supreme court, and recalled the fact that a joint resolution of similar purport to the one now proposed passed the house during the regular session, but died in the senate committee. He called particular attention to a clause in the 38 platform of Michigan Republicans, which commended the administration for its efforts in the direction of equal taxation, and favored immediate legislation for taxing railroad, telegraph, telephone and express companies' properties upon their true value. The message urged that the matter be considered only as a matter of principle.

The governor submitted a table, showing the comparative value of railroad property in the states which most nearly resemble Michigan in population and development, and stating the value at which Michigan's railway property would be assessed if worth as much per mile as such property in the states mentioned, viz: Indiana, Minnesota, Ohio and Wisconsin. His deduction from this table, based on the Michigan railway property, would pay several times the amount of revenue to the state which they now do. The governor concluded by saying:

"It is well for you to remember that there are only three states in the Union in which railroads pay specific taxes upon gross earnings."

MERIT NOT IN DOUBT.

Wonderful Results Obtained Here in Wheeling.

Another Citizen who Adds her Testimony to What has Been Said.

There is no doubt whatever as to the merits of Morrow's Kid-ne-olds, judging from the wonderful results obtaining right here in Wheeling. Morrow's Kid-ne-olds are used daily by hundreds of Wheeling people and they all testify without hesitancy about the great good they have received by the use of this great kidney preparation. Kid-ne-olds will positively cure kidney backache, dizziness, sleeplessness, restlessness, nervousness and all urinary disorders and diseases arising from a disordered condition of the kidneys. Another citizen adds her testimony as follows:

Mrs. B. Gartner, residing at 189 Sixteenth street, makes the statement: "I suffered for a long time with disordered kidneys. At times the pain across the small of my back would be extremely severe and would extend through my sides and stomach making me very sick. I grew very nervous and could not rest well at night. Sometimes I would awake with a start and then I would get up and in the morning when I would get up I would feel completely worn out. It seemed that nothing I could get would do or give me any relief, and when I saw Morrow's Kid-ne-olds advertised I decided to give them a trial. I secured some at Chas. R. Goetze's drug store, he guaranteed them to cure me if the directions are followed or he refunds the money. I took them for a short time as the directions said and they gave me relief. That was some time ago and I have not been troubled since. I can recommend Kid-ne-olds to anyone suffering as I was. Morrow's Kid-ne-olds are a great relief. Buy Yellow Tablets and are put up in wooden boxes which contain enough for about two weeks' treatment and sell at fifty cents a box at Chas. R. Goetze's drug store. A descriptive booklet will be mailed upon request by John Morrow & Co., Chemists, Springfield, Ohio."
